

# Chemical

Kerli

Open up my eyes and feel your heartbeat  
As we lay with your body pressed against mine  
And I know, and I know this very moment  
This will be, this will be till the end of time  
I want you to know This love is more than chemical  
It feels unusual  
And I can't get enough  
You know-oh-oh  
This love is more than chemical  
And we're unbreakable  
Oh be forevermore  
More than chemical  
Every time the darkness falls around me  
I can feel you move beneath my skin  
Eh and  
Something strange is happening inside me  
Don't know where you end and I begin  
I want you to know  
This love is more than chemical  
It feels unusual  
And I can't get enough  
You know-oh-oh  
This love is more than chemical  
And we're unbreakable  
Oh be forevermore  
More than chemical More than chemical
