

# Northern Lights

## Cider Sky

Every time I close my eyes  
I can touch the colors around me  
Suddenly, I realize  
Everything I thought was impossible is here  
My heart sings in a world so incredible  
And everything burns much brighter  
I, I wanna fly, I into this beautiful life  
I think it'd be nice with you  
I, wanna fly, I into this beautiful life  
I think it'd be nice with you  
With you, with you, with you  
Finger tips, northern lights  
Tracing colors right through the sky  
Underneath a lullaby  
I never felt as blissful as I do  
Here, and my heart sings in a world so incredible  
And everything shines much brighter  
I, I wanna fly, I into this beautiful life  
I think it'd be nice with you  
I, wanna fly, I into this beautiful life  
I think it'd be nice with you  
With you, with you, with you  
Set the night on fire if we want to  
Hanging out with the stars and the big moon  
Very well thank you, how do you do?  
Set the night on fire if we want to  
Hanging out with the stars and the big moon  
Pull 'em down for a dance with your last soon  
I think it'd be nice with you, with you  
I think it'd be nice with you, with you  
I think it'd be nice with you, with you  
I think it'd be nice with you, with you
