

Good to Be Me

Uncle Kracker

Nobody blowin' up my phone
I ain't buzzin' and I ain't stoned
But I'm ridin', flyin' higher than the blue sky
If you don't like me brother that's okay
I ain't gonna let it wreck my day
I keep stylin', smilin'
Handin' out the sunshine
I got no good reason why
Damn, it feels good to be me
Seats laid back in my Cutlass Supreme
I'll be alright
Rollin' these streets all summer long
Damn, I got it all figured out
I got no worries that I'm worried about
It's like I caught some crazy, happy disease
Damn, it feels good to be me
Bought some cheap shades at the Amoco Station
They make me feel like I'm on vacation
On my own island
Motor city paradise
Ain't it funny how time flies
Damn, it feels good to be me
T-Top's down in my Cutlass Supreme
I'll be alright
Rollin' these streets all summer long
Damn, I got it all figured out
I got no worries that I'm worried about
It's like I caught some crazy, happy disease
Damn, it feels good to be me
Got no particular place to go
My Alpine's pumpin' some Motown soul
Rockin' to a Papa Was A Rollin' Stone
Damn, it feels good to be me
Fresh pair of kicks and my old blue jeans
I'll be alright
Rollin' these streets all summer long
Damn, I got it all figured out
I got no worries that I'm worried about
It's like I caught some Coltrane Love Supreme
Damn, it feels good to be me
Coltrane Love Supreme
It feels so good
Coltrane Love Supreme
It feels so good
Coltrane Love Supreme
Damn, it feels good
