

Fifteen

Never Shout Never

Just the other day
She was a little girl
Taking over the world,
With her smile,
But just the other day
I saw that girl
Sticking her tounge down her throat,
By a boy, who didnt give a damn That she was only fifteen, that she was more then willing
To take a chance,
To find romance,
To grow up fast,
But i, know she is so much better,
Then to give it all away to the first guy,
First try,
First lie,
First goodbye. Just the other day
She was a little girl
Taking over the world,
With her laugh.
But just the other day I saw that little girl
Taking her time with him,
And I cant say I've ever been so proud.
Cuz she is only fifteen,
That she was more then willing
To take a chance,
To find romance,
To grow up fast,
But i, know she is so much better,
Then to give it all away to the first guy,
First try,
First lie,
First goodbye
