

# Cocaine Doll

## Benjamin Francis Leftwich

You're waiting by the stone wall  
You're money in your hands  
Twisted and turned by the fires that burn  
You said, "I am making a stand" You said, "Please for me  
I wanna be set free  
I need you to be  
Swimming in the sand freezing, with me" You went out on the snow horizon  
Pointing to the coast  
You said, "The thunder is all I've got  
But it's home I'm missing most"  
You said, "Please for me  
I wanna be set free  
I need you to be  
Swimming in the sand freezing, with me" You were caught under good intentions  
Your lips were painted blue  
You said, "I've tried all prevention  
Nothing's coming through"  
You said, "Please for me  
I wanna be set free  
I need you to be  
Swimming in the sand freezing, with me"
