Nothing to Remember

Neko Case

I spend my life Becoming invisible It's hard to maintain And it's hard to get by I don't recall Fight or flight setting in I have no introduction I just breath it in like the air And theres nothing to remember There is nothing to remember owe you nothing That's all I've got for you And you'll borrow nothing That's what you expect of me So send me a lot Out of thin sailors knots And I fear underneath Your radiant thoughts My footsteps now They will echo loudly All I owe, all I owe Strides I spend to the finish line All I owe, all I owe Strides I spend to the finish line I'll give you thoseYou told me something That scared me to death Don't take me home I can't face that yet I'm ashamed that I'm barely human And I'm ashamed that I don't have a heart you can break I'm just action And at other times reaction All I owe, all I owe Strides I spend to the finish line All I owe, all I owe Strides I spend to the finish line I'll give you thoseJust don't make me go home
