

Get No Better (2.0) [feat. Serayah]

Empire Cast

How many girls in the world right now
Who know what I'm talking 'bout?
Had a man who called you pretty at home
But never when he takes you out Didn't want it, when you had it, admit it
And now you're like a light turned on
Didn't want it, when you had it, I get it
And now you want me back, but I'm gone And I'm all quiet
I'm like a spark in the darkside
You're like a deer caught in headlights
You got me wrong, but it's alright Now I'm like oo-oo
See me up in the club, like woo-oo
Don't matter, I ain't worried 'bout you-oo
Cause I left that girl behind
So let me introduce you
To the new and improved, brand new-oo
You didn't want it, when you had it, that's cool-oo
Now I've gone from the 1 to the 2, 2.0 Duce you
To the new and improved, brand new-oo
You didn't want it, when you had it, that's cool-oo
Now I've gone from the 1 to the 2, 2.0 Ohhh, na-na-na-na-na naa
Eh-eh-eh-eh-eh ehh
Na-na-na-na-na naa ah I was a girl hanging on the side
But now I got that self esteem
I'mma burning phoenix about to rise
And Mama, I done got my wings
Didn't want it, when you had it, admit it
And now you're like a light turned on
Didn't want it, when you had it, I get it
And now you want me back, but I'm gone And I'm all quiet
I'm like a spark in the darkside
You're like a deer caught in headlights
You got me wrong, but it's alright Cause now I'm like oo-oo
See me up in the club, like woo-oo
Don't matter, I ain't worried 'bout you-oo
Cause I left that girl behind So let me introduce you
To the new and improved, brand new-oo
You didn't want it, when you had it, that's cool-oo
Now I've gone from the 1 to the 2, 2.0 Duce you
