

# This Electric Feeling

Sheppard

Come closer if you got the time  
The obsession makes me lose my mind  
And I'm thinkin' that there's something wrong with me  
You walked away from me across the room  
Now my self control is falling through  
In a minute I'll be begging on my knees  
But what I felt was high  
Maybe just a couple of times  
And I know it's right  
When you pulled the sheets over my eyes  
This electric feeling that I get  
Is taking over me  
I can't let go now I'm possessed  
It wants reality  
And I need to find the answer  
And I need to find the answer  
Let me share another drink with you  
Because I need another night to prove  
That there's nothing wrong with me  
Now I know that you can feel it too  
Even though you won't admit the truth  
And I'm feeling that is something that you need  
So I'll take my time, open up a bottle of wine  
And if you feel inclined Won't you just give me a sign?  
This electric feeling that I get  
Is taking over me  
I can't let go now I'm possessed  
It wants reality  
And I need to find the answer  
And I need to find the answer  
Could it be, could it be?  
That you're falling for me?  
And honey you hold the only key  
To entering the heart of me and setting all my demons free  
This electric feeling that I get  
Is taking over me  
I can't let go now I'm possessed  
It wants reality  
And I need to find the answer  
And I need to find the answer  
And I need to find the answer  
And I need to find the answer
