

Maybe I Like It

Ida

Maybe I'm lost like a prisoner of what is written
Follow their plan like you only had the cards you're given
I wanna go to a place where I can't hear a word they say
What they say Maybe I'm lost but found a way to seize the day
Maybe I'm wrong but right 'cause I don't play it safe
Maybe I like it
Maybe I like it
Maybe I like it
I like it They say life is short so I ain't wastin' a day
I'm not gonna throw it away
I'm not gonna throw it away
And I'm not lost without the future no I'm not afraid
I'm not gonna throw it away
I'm not gonna throw it away
I'ma live it till it's over
Didn't you know everyday is full of second chances
I'm taking it slow when you talk and stare
No I don't really care
I don't care Maybe I'm lost but found a way to seize the day
Maybe I'm wrong but right 'cause I don't play it safe
Maybe I like it
Maybe I like it
Maybe I like it, I like it They say life is short so I ain't wastin' a day
I'm not gonna throw it away
I'm not gonna throw it away
And I'm not lost without the future no I'm not afraid
I'm not gonna throw it away
I'm not gonna throw it away
I'ma live it till it's over
I can do what I want 'cause my days ain't over
I'ma ride on the highway of life till it's over
I'ma live it till its over Maybe I like it
Maybe I like it
Maybe I like it
I like it
They say life is short so I ain't wastin' a day
I'm not gonna throw it away
I'm not gonna throw it away
I'ma live it till it's over I can do what I want 'cause my days ain't over
I'ma ride on the highway of life They say life is short so I ain't wastin' a day
I'm not gonna throw it away
I'm not gonna throw it away

And I'm not lost without the future no I'm not afraid
I'm not gonna throw it away
I'm not gonna throw it away
I'ma live it till it's over
