

# Hold Me Down

## Next

Ghetto  
Yo  
Hold me down  
Next, yeah All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down The sun don't shine, sun don't shine  
If I, can't wake up next to mine  
Wake her ass up, tap her one more time  
No more baby sleepin', but she don't mind  
Yeah, she's ghetto  
But she keeps a nigga level  
Even when I'm short on change  
She won't complain, even got an extra job to maintain All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down I use to be real friendly with everybody  
'Til somebody tried to take my baby  
Now the only niggas that hang with me  
Are a chosen few, my chosen crew 'cause  
Some niggas are slimy dude but  
You know who I'm talkin' to you, trust  
Real recognize, real for real,  
This is Robert, we fell 'way before the deal All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down No matter how hard it is

Or how bad the storm gets  
I promise this  
That I will always be right here  
If it's a dollar it's fifty cent a piece  
If it's a million you get five hundred Gs  
'Cause we are family  
I'll ride for you, if you'll ride for me  
All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down  
Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down  
All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down  
Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down
