

Paradise (feat. Akon)

Just Ivy

Baby get down with me
Take my hand
Cancel all your plans
And go and tell your plans youre leaving town
And you aint coming back
Lets got to paradise
Or Japan, the south of France
Or Los Angeles
Lets go to paradise
And tell you too
Baby just me and you
Lets go to paradise
Lets have the time of lives tonight
Lets go to paradise
Lets enjoy this moment
Make it last forever
Make it last forever
Lets the best of time we spent
Lets go get lost
Lets rip the bandage first off al of this
Dont worry about the gun
Lets got to paradise
Capri tonight Hawaii
Lets hop on the next flight
And if you bored, we go to Bora Bora
We touch down and get in the water
Lets go to paradise
Lets have the time of lives tonight
Lets go to paradise
Lets enjoy this moment
Make it last forever
Make it last forever
Lets go to, lets go to
Lets go to, lets go to
Monte Carlo
Lets go to paradise
Lets have the time of lives tonight
Lets go to paradise
Lets enjoy this moment
Make it last forever
Make it last forever
