

Why Do I

NERVO

[Verse 1]

I crave your love like a cigarette
But I don't want to
I wear my heart out of my chest
I still want you[Pre-Chorus]
You and I, tangled up falling
Are never coming over it
And now I can't escape memories
Hunting every part of me
Why do I still care?[Chorus]
I can't help myself
My heart keeps coming back
Giving up, are into a love that'll never last
Why do I still care? (Why do I still)

[Post-Chorus]

Why do I still

Why do I still care? (Why do I still)
Why do I still care? Oh-oooh, ooh[Verse 2]
Heart tried but can't seem to stay away
I know you like that
Heart driving, driving I'm not your pace
I know you like that[Pre-Chorus]
You and I, tangled up falling
Are never coming over it
And now I can't escape memories
Hunting every part of me
Why do I still care?

[Chorus]

I can't help myself
My heart keeps coming back
Giving up, are into a love that'll never last
Why do I still care? Oh-oooh, ooh
Why do I still care? Oh-oooh, ooh[Post-Chorus]
Why do I still care? (Why do I still)
Why do I still
Why do I still care? (Why do I still)
Why do I still care? Oh-oooh, ooh[Outor]
Why do I still care?
