

# Fine

## Whitney Houston

It's Fine  
Fine, Fine, Fine, Fine, Fine It's Alright Had a dream last night  
That the world stopped turning  
But your madness, it kept on  
Guess I wasn't too bright  
And I really wasn't learning  
Should have seen it all along All those sweet, sweet kisses and those sweet red roses  
They convinced me that it was you  
I made you exclusive  
Now it's so conclusive  
That you wasn't doing it too  
If you'd told me from the start that you're playing around it would have been fine  
It would have been fine  
Then I would have played too and I guess I would have had a good time  
If you'd told me from the start that you're playing around it would have been fine  
Then I would have played too and I guess I would have had a good time Something didn't feel  
right  
And I wish I knew it  
I just could not see your games  
I got respect for you  
And you put me through it  
Why would you bring me so much pain I would still love for you, 'cause I did adore you  
While my dogs would chew you out  
Tried to be so nice on those lonely nights  
But I should have figured you out  
If you'd told me from the start that you're playing around it would have been fine  
It would have been fine  
Then I would have played too and I guess I would have had a good time  
I would have had a good time  
If you'd told me from the start that you're playing around it would have been fine  
It would have been you baby  
Then I would have played too and I guess I would have had a good time Baby you're so fine  
You are the one that I saw  
You are so fine  
You're my...  
Oh you're mighty fine  
You're fine-fine, fine-fine, fine-fine, fine-fine, fine-fine  
You are the one that I love  
You're my...  
You're fine-fine, fine-fine, fine-fine, fine-fine, fine  
Fine  
You are the one that I love

Fine  
You're my...  
You're fine-fine, fine-fine, fine-fine, fine-fine, fine-fine  
If you'd told me from the start that you're  
playing around it would have been fine  
If you told me  
Then I would have played too and I guess I would have had a good time  
Feel good time, feel good time, feel good time, feel good time  
If you'd told me from the start that you're playing around it would have been fine  
Had a real good time, boy now  
Then I would have played too and I guess I would have had a good time  
I guess I would have had a good time  
If you'd told me from the start that you're playing around it would have been fine  
It would have been fine, boy  
Then I would have played too and I guess I would have had a good time  
If you'd told me from the start that you're playing around it would have been fine  
It's fine, it's fine, it's fine  
Then I would have played too and I guess I would have had a good time  
Fine, fine, fine, fine, fine  
If you'd told me from the start that you're playing around it would have been fine  
Then I would have played too and I guess I would have had a good time
