

Snake Eyes (feat. CoMa)

Feint

Can't You see?
Everything
Is a mess
When you hide
All the lies
That you thought
You could bury
You kept rolling snake eyes
You kept rolling snake eyes
One too many times
One too many times
And all you see are the cards that you can play
And you thought you'd get away with these games
And all you see are the cards there in your hand
And you thought that you have everything planned
Can't you see?
Everything
Is a mess
When you hide
All the lies
That you thought
You could bury
You kept rolling snake eyes
And all you see are the cards that you can play
And you thought you'd get away with these games
And all you see are the cards there in your hand
And you thought that you have everything planned
You kept rolling snake eyes
One too many times
