

# Symphonica

[Nicky Romero](#)

Oh oh oh  
Oh oh oh You touch me deep inside  
My body comes to life  
Every part of you, I can never miss  
You take me to a place, how can I resist  
You are a part of me A Symphony that overflows  
You bring it back, now here we go  
Oh oh oh  
Symphonica erotica  
The notes you play, how they explode  
Every time you bring me close  
Oh oh oh  
Symphonica erotica  
Every part of you, I can never miss  
You take me to a place, how can I resist  
You are a part of me A Symphony that overflows  
You bring it back, now here we go  
Oh oh oh  
Symphonica erotica  
The notes you play, how they explode  
Every time you bring me close  
Oh oh oh  
Symphonica erotica  
You touch me deep inside  
My body comes to life  
My body comes to life  
My body comes to life
