

Love Drunk

Little Mix

Can't breathe, can't sleep, crazy, what you do to me
Head is smokin', feeling my heart is open
So hazy, but it's alright, to take me, to the dark side
Dangerous, but I'm fearless My eyes are blue but I'm seeing red
And I just can't shake you outta my head
Maybe maybe maybe, maybe maybe maybe I'm a little bit love drunk
Ever get the feeling when you're miles away
Everybody's looking at me walking, stumbling
Hardly talking, mumbling, going red in the face
Promise I've been drinkin' only lemonade, it's all I take
My hearts just on one about someone
And I'm a little bit love drunk Feelin' so hot, I'm taking your clothes off
Glasses steamed up, I'm dreaming that no one can see us
Lying underneath the stars, Jupiter hits on Mars
And it hits me so hard My eyes are blue but I'm seeing red
And I just can't shake you outta my head
Maybe maybe maybe, maybe maybe maybe I'm a little bit love drunk
Ever get the feeling when you're miles away
Everybody's looking at me walking, stumbling
Hardly talking, mumbling, going red in the face
Promise I've been drinkin' only lemonade, it's all I take
My hearts just on one about someone
And I'm a little bit love drunk Trippin' out on the floor
Freaking out for sure
Still I need you more
You knock me down with those eyes
And do it every time
Can't shake you out of my mind
Just a little bit love drunk, head in the clouds
And that will never be a hater that can bring us down
I've been slurring my words and I don't know what to say
But it's a feeling that I believe in, never felt this way And I swear I don't even like Hennessy
They call me love drunk 'cause I'm far from tipsy
They call me love drunk, what are you doing to me?
They call me love drunk 'cause I'm far from tipsy My eyes are blue but I'm seeing red
And I just can't shake you outta my head
I'm getting so hot that I'm getting cold
I'm all feverish and I'm about to blow
Maybe maybe maybe, maybe maybe maybe
Maybe maybe maybe I'm a little bit love drunk
Ever get the feeling when you're miles away
Everybody's looking at me walking, stumbling

Hardly talking, mumbling, going red in the face
Promise I've been drinkin' only lemonade, it's all I take
My hearts just on one about someone
And I'm a little bit love drunk I'm a little bit love drunk
I'm a little bit love drunk
I'm a little bit love drunk I'm a little bit love drunk
My eyes are blue but I'm seeing red
I'm a little bit love drunk
