

# Goodbye (feat. Lyse)

Feder

Is someone listening? Let me tell you this story, of that guy  
First you loved, - then - you promised. Two of us losing control  
Now, living in, my own life  
Got you out of my Have me wasting too much time  
Gonna leave you far behind Then, you ran away  
Are you thinking of me?  
When you f\*ck her?  
Doubt that you now that you were supposed to love me  
'Till the day Now, living in my own life  
Got you out of my Have me wasting too much time  
Gonna leave you far behind  
Now, living in my own life  
Got you out of my Have me wasting too much time  
Gonna leave you far behind  
Now, living in my own life  
Got you out of my mind  
Be wasting too much time  
Gonna leave you far behind
