

All My Life (feat. AG Thomas & Aaron Neville)

Linda Ronstadt

Am I really here in your arms?
It's just like I dreamed it would be
I feel like we're frozen in time
and you're the only one I can see
Hey, I've lived all my life for you
Now you're here
Hey, I'll spend all my life with you
All my life
And I never really knew how to love
I just hope somehow I'd see
Oh I. asked for a little help from above
Send that angel down to me
Hey, I've lived all my life for you
Now you're here
Hey, I'll spend all my life with you
All my life
All my life
Never thought that I could feel a love so tender
Never thought I can let those feelings show
But now my heart is on my sleeve
And this love will never leave
I know
I know...Ah.
Hey, I've lived all my life for you
And now you're here
(Now you're here)
Hey, I'll spend (hey!) all my life with you
(I'll spend all my life with you.)
All my life (all my life)
Hey, I've lived all my life for you
And now you're here
(Now you're here)
Hey, I'll spend all my life with you
To Fade
