

# Tumble and Fall

## Little Big Town

It's a want you, it's a need you  
It's a hold on through the pain  
It's a get through what you got to  
'Cause it can't stay the same  
It's a long walk with the lights off  
It's the last breath in your lungs  
It's the deep end that we jump in  
It's the love that we become We're gonna ride the storm out on a lifeboat  
Baby this kind of love is all that we know  
We're gonna take a walk out on the trapeze  
Even in a wild breeze we can be the best of them all  
Even if we tumble and fall  
It's a reach out, it's a white flag  
It's a forfeit of the game  
It's a let go of the ego  
And a whisper of the name  
It's a fight for, not a defend  
It's a staying in the ring  
It's a knowing that you love me more than anything We're gonna ride the storm out on a lifeboat  
Baby this kind of love is all that we know  
We're gonna take a walk out on the trapeze  
Even in a wild breeze we can be the best of them all  
Even if we tumble and fall It's a want you, it's a need you  
It's a hold on through the pain  
It's a get through what you got to  
Yeah you got to, yeah we got to  
We're gonna ride the storm out on a lifeboat  
Baby this kind of love is all that we know  
We're gonna take a walk out on the trapeze  
Even in a wild breeze we can be the best of them all  
Even if we tumble and fall  
Even if we tumble and fall
