

Sunny

Hippie Sabotage

My name on the sunshine you can
My name on the sunshine you can

Sunny, you sunny.

You're all in all

Now I feel ten feet tall

Send to me your all and all

Now I feel ten feet tall

Sunny, you so true

I love you

Ease the the pain

Ease the the pain

Ease the the pain

Ease the the pain

Ease the the pain

Ease the the pain

Ease the the pain

Ease the the pain

Ease the the pain

Ease the the pain

The sunshine you came

The suns shine on you

Sunny, you sunny.

Ow but thank you for the memory about me

Ow but thank you for the memory about me

Send to me your all and all

Now I feel ten feet tall

Send to me your all and all

Now I feel ten feet tall

Send me, you so tall

I love you, I, I
