

# World Where You Live

## Crowded House

Here's someone now who's got the muscle  
His steady hand could move a mountain  
Expert in bed, but come on now  
There must be something missing  
That golden one leads a double life  
You'll find out Tell me, I don't know where you go  
Do you climb into space  
To the world where you live  
The world where you live, oh-hoo  
So here we lie against each other  
And these four walls can never hold us  
We're looking for wide open spaces  
High above the kitchen  
And we're strangers here  
On our way to some other place But I don't know where you go  
Do you climb into space  
To the world where you live  
The world where you live, oh-ho  
To the world where you live Friends come 'round  
You might remember and be sad  
Behind their eyes is unfamiliar  
Do you climb into space  
To the world where you live  
The world where you live, oh-oh  
To the world where you live, yeah, yeah  
To the world where you live, hey, hey  
To the world where you live  
To the world where you live  
To the world where you live
