

X-Ray Eyes

Kiss

Sometimes you say you don't want my love today
But oh baby I know what you're aiming at
And I know, well I see everything that's in store for me
Well baby here's your big surprise, yeah I've got X-ray eyes
And I can see right through your lies One day you'll see, you'll come crawling back to me
I'm your one and only, that's a fact, yeah
Well I'm the one, the one and only, in the end baby you'll be lonely
I've got no time for silly goodbyes, yeah
I've got X-ray eyes
(X-ray eyes)
And I can see right through your lies, yeah
I've got X-ray eyes
(X-ray eyes)
And I can see right through your lies, yeah, yeah Ooh and I know, well I see everything that's in
store for me
Well baby here's your big surprise, yeah I've got X-ray eyes
(X-ray eyes)
And I can see right through your lies, yeah
I've got X-ray eyes
(X-ray eyes)
And I can see right through your lies, yeah
I've got X-ray eyes
(X-ray eyes)
And I can see right through your lies, yeah
I've got X-ray eyes
(X-ray eyes)
And I can see right through your lies, yeah
