

It's Only Life

Wilson Phillips

Hey
do you know what's going on
do you
come on play it
Are you awake
have you anything to say
are you aware of what surrounds you
and all the times
you tried to please everyone
can you admit it doesn't matter
Ooh there's never a dull moment in my life
and I don't mind the ride
(I don't mind the ride) yes
so listen
Don't live a lifeless life
when you could be living it right
don't be one to be led
it's a heavy world in my small world
get up
get out of bed
Ooh there's never a dull moment in my life
and I don't mind the ride
Don't you know it's only life it's only life
taking you on a constant flight
don't you know that it's only life
there is no wrong there could be no right
whatever you're doing
however you're doing it
you'll be living your life
Yes it's only life
so there is no wrong no right
ooh it's a constant flight
a constant flight
(Moving on)
are you awake
I don't think I heard the answer
is there no one on the other line
now it's a heavy world in my small world
but I'm feeling just fine
Ooh there's never a still moment in my life
and I don't mind the ride
Don't you know it's only life it's only life

taking you on a constant flight
don't you know that it's only life
there is no wrong there could be no right
whatever you're doing
however you're doing it
you'll be living your life
Yes it's only life
and there is no wrong no right
ooh it's a constant flight
a constant flight
Don't you know (crying)
it's only life (it's only life)
don't you know (crying)
it's only life (it's only life)
I'm crying
Don't you know it's only life it's only life
taking you on a constant flight
(and I'll tell you about it)
don't you know that it's only life
there is no wrong there could be no right
whatever you're doing
however you're doing it
you'll be living your life
Don't you know it's only life
and everyone pushes to get by
we go here we're going there
somebody tell me why
don't you know that it's only life
there is no wrong there could be no right
whatever you're doing
however you're doing it
you'll be living your life
Don't you know it's only life
Don't you know it's only life (don't you know)
don't you know it's only life (don't you know that)
don't you know it's only life (only life)
don't you know it's only life (don't you know it)
Don't you know it's only life it's only life
don't you know it's only life it's only life
don't you know it's only life it's only life (what's going on)
don't you know it's only life it's only life
Don't you know it's only life it's only life (what)
don't you know it's only life it's only life
don't you know it's only life it's only life
don't you know it's only life it's only life
