

# In My Head (feat. Nervo)

## David Guetta & Daddy's Groove

Is everybody broken hearted?  
We are living in a clouded space  
A skyscraper seems so tall  
But no one fights, no one learns  
We just push until it burns  
No, I can't understand  
Tell me I'm mad 'cause in my head  
We work you out  
You don't mess around  
And the storms do come out  
'Cause in my head  
Nothing's too hard  
We fight for us  
And we never give up  
In my head  
'Cause in my head  
Nothing's too hard  
We fight for us  
And we never give up  
In my head  
In my head  
So is this it? What you wanted  
I'm knowing it but just turn it around  
'Cause no matter what I try  
I tried it.  
In my head  
Nothing's too hard  
We fight for us  
And we never give up  
In my head  
In my head  
In my head  
In my head  
In my head  
Nothing's too hard  
We fight for us  
And we never give up  
It's in my head  
In my head  
Go!  
'Cause in my head  
Nothing's too hard

We fight for us  
And we never give up  
In my head
