

Ain't No Way

DMX

Swizz beats
Nigga, ryde or die
DMX what, what, what Ain't no way you're gonna stop my flow
Ain't no way ya niggaz you just don't know
But niggaz is about to go, oh no, oh no Ain't no way you're gonna stop my shine
Ain't no way you niggaz wanna stop mine
Ya niggaz must be out yo mind, I don't know why Now what the fuck is you niggaz pressin' me
for?
I saw more ass than a hoe and you stressin' the raw
If I was testin' your jaw, maybe then you would respect me
But you can't respect me 'cuz you don't even know me nigga check me
I'm that motherfucker that'll put you to sleep, while you sleepin'
Then die from a hundred feet, you just knew you was creepin'
Bad decisions lead to last decisions
Fast collision, now yo ass is missin' Take it over there now you bring it back to the streets
Have you forgotten what it means when a dog shows his teeth?
Let me break it down for you he's about to attack you
Still standin' here faggot? You must want me to smack you You ain't been there or done that,
fuck is y'all niggaz tellin' me
I'm the only nigga, walkin' the streets with four felonies
But peep this, I see shit is hard, niggaz is strugglin'
Leave rap alone for a little while, go back to hustlin' Ain't no way you're gonna stop my flow
Ain't no way ya niggaz you just don't know
But niggaz is about to go, oh no, oh no Ain't no way you're gonna stop my shine
Ain't no way you niggaz wanna stop mine
Ya niggaz must be out yo mind, I don't know why
Give it to niggaz just how they give it to, me
Hit 'em in a rhyme because I'm an MC
Been a lot of places most niggaz won't, see
That's why I'm at a level that y'all niggaz won't, be Let your man hold somethin' now he want,
more
You ain't no fuckin' killer what was the front, for
It was a time when the world was at your front, door
Now they change places, niggaz want, raw Niggaz laughed at me and was mad at me
'Cuz the way life was goin' had to be a, tragedy
But after me, it's over, I'ma take the whole verse
I'm tryin' to keep it real that's why I let y'all niggaz go first But you looked a gift horse right in
the mouth, didn't appreciate
What you got when you got it, so if I see it, I'ma dot it, where to hide it
You gotta car better drive it the fuck up outta here
And hope and pray I don't pull up alongside it, come on Ain't no way you're gonna stop my flow
Ain't no way ya niggaz you just don't know

But niggaz is about to go, oh no, oh no
 Ain't no way you're gonna stop my shine
 Ain't no way you niggaz wanna stop mine
 Ya niggaz must be out yo mind, I don't know why
 Niggaz don't know so I gotta flip
 It seem they've forgotten how dark it could get
 Barks like a pit, scratch when I hit
 We both know you pussy but you stay talkin' shit
 What I'ma have to do dog, run up in yo mess
 Catch you while you comfortable put one up in yo chest
 One up in yo vest, of course they the hollows
 You goin' away today, you just lost tomorrow
 I'ma go platinum you gots to be kiddin' why
 Make it double platinum, no bullshittin'
 And I'ma stay flippin' flows, rippin' shows
 Strippin' ho's, gettin' dough let me go
 And niggaz know, who the best is the dog, DMX is
 The rest is or might as well be helpless, I wreck this
 'Cuz when I wreck shit, I might snatch a niggaz necklace
 Then go from like midnight to breakfast, come on
 Ain't no way you're gonna stop my flow
 Ain't no way ya niggaz you just don't know
 But niggaz is about to go, oh no, oh no
 Ain't no way you're gonna stop my shine
 Ain't no way you niggaz wanna stop mine
 Ya niggaz must be out yo mind, I don't know why
 Ain't no way you're gonna stop my flow
 Ain't no way ya niggaz you just don't know
 But niggaz is about to go, oh no, oh no
 Ain't no way you're gonna stop my shine
 Ain't no way you niggaz wanna stop mine
 Ya niggaz must be out yo mind, I don't know why
 Ain't no way you're gonna stop my flow
 Ya niggaz you just don't know
 But niggaz is about to go, oh no, oh no
 Way you're gonna stop my shine
 You niggaz wanna stop mine
 You must be out of your motherfucking mind
 I love it, I love it
