

# Red Love

## Pia Mia

I must be dreaming,  
you fit so perfect.  
I wanna give myself away,  
you must be worth it.  
Give you my touch,  
You take me higher and above and then you turn,  
and leave me here with nothin.  
Red love, red red love.  
oohhhohoh  
Red love, red red love  
All that I wanted,  
was for the first one to care.  
You kept your secret,  
and told me life was unfair.  
Gave you my trust,  
you had me right there in your clutch, I felt the rush,  
Then you just looked away like  
Red love, red red love.  
oohhhohoh  
Red love, red red love You didn't even turn around to look back,  
didn't even stay to watch me cry.  
Now when I turn around to look back,  
ever thing you said was a lie.  
ooh baby baby  
Red love, red red love.  
oohhhohoh  
Red love, red red love  
Guess I was dreaming,  
I wore my heart on my sleeve.  
And when the rain came pouring down you were so far out of reach.  
But I'm waking up,  
sometimes enough is enough.  
If i can't ever get it back atleast i gave it all for  
Red love, red red love.  
oohhhohoh  
Red love, red red love You didn't even turn around to look back,  
didn't even stay to watch me cry.  
Now when I turn around to look back,  
ever thing you said was a lie.  
Ohh baby baby.  
Red love, red red love.  
oohhhohoh

Red love, red red love
