

# A Loaded Smile

Adam Lambert

If I say I'm sorry  
It's just me selling a lie (umm, um um, yeah)  
When you're in my arms I feel emptier inside  
I never felt so satisfied  
Everything falls into place but  
I think I need a little more time And yeah I know my life has changed but  
honestly I don't know if we'll survive  
A loaded smile  
An empty glass  
And one last dance (um yeah)  
Walking hand in hand  
you are all I ever want And when you're not around dear  
Don't even notice that you're gone  
We are barely hanging on  
Everything falls into place but I think I need a little more time  
And yeah I know my life has changed but  
honestly I don't know if we'll survive  
Makes me want you baby (makes me want you baby)  
Can't you feel, can't you feel it yeah (can't you feel it yeah)  
Makes me want ya baby (oh it makes me want ya)  
It's a certain kind of convocation  
Makes me want ya baby (makes me want you)  
Can't you feel, can't you feel it yeah (Can't you feel it)  
Makes me want you baby (makes me want you baby)  
It's a certain kind of convocation  
Everything falls into place but I  
think I need a little more time  
And yeah I know my life has changed but  
honestly I don't know if we'll survive  
A loaded smile  
An empty glass  
And one last dance
