

Wishing

Asia

Wishing, hoping
How can I keep coping
'Til I know your wish is to be with me You go, I know
You were the one who told me so
I'm wishing you lying in my arms Sad, so sad
It's written across my face
My tears leave no trace
They fall and disappear Mad, so mad
Leaving you on your own
Your right to disown me
Will always be so clear
Wishing, so long
How can I keep holding on
While missing you, wishing you home again Sad, so sad
It's written across my face
My tears leave no trace
They fall and disappear Mad, so mad
Leaving you on your own
Your right to disown me
Will always be so clear Wishing
Wishing
Wishing
Wishing, so long
How can I keep holding on
When this song is wishing you home again Wishing
Wishing
Wishing
