

# Airplane Mode

## Limbo

I need to not pick up my phone  
I'll go straight to airplane mode  
Find something to do alone  
I can be a little bit cold  
But my third eye is going blind  
I'm unaligned with my body and I  
It's playing tricks, I say I'm fine  
But really, it's hurting me deep inside  
Cause I been dreaming about you, oooh  
I've been wishing that I was next to you, oooh  
I've been dreaming of us, oooh  
I've been thinking that this is not a need or a must, but  
Love has driving me so, so wrong  
So you're all I've got to show our songs  
And I want to be super duper true to you  
But God, I don't know what to do  
Cause last year I was just 22, feels like it up and flew  
So far away, and out of view, but 23 seems like me and you  
Cause I been dreaming about you, oooh  
I've been wishing I was next to you, oooh  
I've been dreaming of us, oooh  
I've been thinking this is not a need or a must  
I've been dreaming of us I've know sometimes I make you feel insane  
Sorry that's just how I play this stupid game  
I've can't act like a child and disobey  
All that you want from me and that you say  
I'm sorry baby, please puppy  
I'm trying to be ultra mega happy  
And show you my smile, and send you my feelings  
And fuck, it is so hard being so damn far  
I've guess I'll just sit here and stay singing in my car  
Singing in my car  
Cause I been dreaming about you, oooh  
I've been wishing I was next to you, oooh  
I've been dreaming of us, oooh  
I've been thinking this is not a need or a must, but  
I've been waiting on you, oooh  
I've been waiting for you to tell me those three words too  
Cause I been hoping it's true  
That one day I'll feel like I'm something new for you
