

Honeymoon In Trinidad

[Audrey Landers](#)

I dream that my lover takes me one day
To my perfect island, we'll run away
We'll dance in the moonlight
Love on the sand
Play all day in the sunshine
My dream man Honeymoon in Trinidad
Make my dreams come true Day and night and all my life I'll be with you
Honeymoon in Trinidad
Oh, we can leave today
Come with me to the island, let's fly away
Come with me to the island and hideaway I'm dreaming of evenings you'll
Honeymoon in Trinidad
Make my dreams come true
Day and night and all my life I'll be with you
Honeymoon in Trinidad
]Oh, we can leave today
Come with me to the island, let's fly away
Come with me to the island and hideaway
