

Oh No

Bring Me The Horizon

You don't have to lie, I know exactly where you've been
Cause you're chewing off my ear while you're chewing on your chin
No we're not on the level,
you're just off your face
It's not a state of mind though, your head's just in a state
I may be on the outside but you're empty within
It's getting kind of old now, I think it's time to pack it in
Don't call it a party cause it never stops
Now one is too many but it's never enough
Don't tell me you're happy cause this isn't love
So be careful what you wish for
So be careful what you wish for
Who you're trying to fool, you know you're in over your head
Cause you're holding onto heaven but you're hanging by a thread
And we're not on the level,
you're just off your face
It's not a state of mind though, your head's just in a state
I may be on the outside but you're empty within
It's getting kind of old now, I think it's time to pack it in
Don't call it a party cause it never stops
Now one is too many but it's never enough
Don't tell me you're happy cause this isn't love
So be careful what you wish for
So be careful what you wish for
Don't call it a party cause it never stops
Now one is too many but it's never enough
Don't tell me you're happy cause this isn't love
So be careful what you wish for
Don't call it a party cause it never stops
Now one is too many but it's never enough
Don't tell me you're happy cause this isn't love
So be careful what you wish for
