

# Don't Get It Twisted (feat. Twista)

## Mr. Capone-E

[Twista] Oh yeah  
Your boy Twista  
[Mr. Capone-E] Yeah, ha ha  
[Twista] Mr. Capone-E in the place  
[Mr. Capone-E] Oh!  
[Twista] The Midwest, West Coast connection  
[Mr. Capone-E] West coast!  
[Twista] And this is how we put it down, you know what I'm talkin' about  
[Mr. Capone-E] That's right  
[Twista] A lil' somethin' for the ladies  
Chorus: Fingazz (Mr. Capone-E) {Twista}  
It't not love  
Don't get it twisted (Don't get it twisted)  
I'll make you  
Feel so good, but you gotta slow down  
It't not love {It's not love}  
Don't get it twisted (Don't get it twisted)  
I'll make you  
Wanna do it all night, all night  
Said it's not love {It ain't love, shawty}  
Don't get it twisted (Don't get it twisted)  
I'll make you  
Feel so good, but you gotta slow down  
It't not love {It's not love}  
Don't get it twisted (Don't get it twisted)  
I'll make you  
Wanna do it all night, all night  
Said it's not love  
[Verse 1: Mr. Capone-E]  
It's not love coming from a straight thug  
All up in the club, lookin' pretty, wanna bug  
That's what it was, that was love, so lady, here I come, so pass me the bud  
Gettin' you, while I'm sprung out the tongue, ya cute playboy  
When I stunt  
One by one, you standin' in line, ain't one by one, I'm checking out your rump  
Oh yeah, it's Mr. Capon-Double E  
Internationally known as a pimp daddy  
I'll make you feel so good, heinas scream  
"We love you, baby"  
Stop me if my cocky, but my game is so trump tight  
Have you screaming out my name  
Baby girl, you looking fine

Bottom line

Lady, lady, there's no love from this jock

I just wanna get you hot

Find your spot

Never will I stop

Hit it, quit it, are you with it, let's just keep this little secret

But don't catch no feelings when you squealin'

Don't get it twisted Repeat Chorus[Verse 2: Twista]

Ah

Say I was rollin' in the 'Llac with a shawty

But now, I gotta go and catch me a hottie

Chillin' in the cut up in the V.I.P.

Now I'm after your body in the after party (That's right)

With a (?) gettin' love

Get a girl to back it up, spend a stack for the buds (That's right)

You a one-night-stand, shorty, tell me where you actin' to love, in the back of the club (Come on)

You gone get up in a Bentley with a baller

Let me take you to a tele, but the haters can't get me (Mm hmm)

Hit that ass, and I even spank titties (Mm hmm)

Now give a little to the homie Frank Nitty

Now give it to Mr. Capone-E

Ain't no talk about "It's only me"

Get it on with a G

I'm a never leave you lonely

Got you rollin' on chrome B

Come and get me that there

Like the way I pull your hair

Spank on your derierre

Make you scream "Ouch," give it to you while we fucking on the couch

Give it to you while we fucking on the chair

Look at lil' mamma, sweatin' good, gettin' rocked by the balls

Gotta hit it hard, not too soft

Never get it twisted cause you fuckin' with the Twista

When I pop you off, I'm a drop you off

It's not love Repeat Chorus[Verse 3: Mr. Capone-E]

I wanna make you do it all night long

Play it again, just sing this song

West coast, midwest, dirty south, east coast ladies, just drop that thongs

Let's get it on, pull the alarm, it's a playa with that

Thug-like passion

I keep on askin', remindin' it just a one night stand-in

Don't matter my company, but baby, pace a play

And if you get that little chance, mija

Let's run away

Anyway, it's all day, by the way, I gots to leave in a rush

A quick nut

Don't you fuss

All I did

Was just fuck(Fingazz in background)
