Bracket

I hope you don't know my name
It just wouldn't be the same I'm confused about all the things I do
Cause nothing that I say is true And if I tell a lie
please be my alibi
I wanna make believe it's real
That's just the way I feel
There's nothing left to fabricate
Did I mention that Elvis is alive? I hide my identity
Truth is my worst enemy
I just can't help fooling myself
