

# I Want You

Daniel Skye

Baby, all I want is you  
In the middle of the night  
I've been thinking about you like  
Baby, all I want is you  
To be one hundred I've been thinking  
But I gotta say the truth  
'Cause, girl, it's 3, maybe 4 AM  
Don't leave, let me get with you  
I know you don't wanna be alone, girl  
All I want is you  
All I want is you  
In the middle of the night yeah  
I know you should get a little closer  
Let go, I'm just trying to please ya  
Treat you like royalty  
Baby, where you wanna be  
I can be your anything  
I can take you anywhere  
Whenever you want it  
That's a promise  
Why are you thinking about it  
Anticipating why you waiting  
It's your chance, girl  
To get yourself a real one  
Baby, all I want is you  
In the middle of the night  
I've been thinking about you like  
Baby, all I want is you  
To be one hundred I've been thinking  
But I gotta say the truth  
'Cause, girl, it's 3, maybe 4 AM  
Don't leave, let me get with you  
I know you don't wanna be alone, girl  
All I want is you  
All I want is you

But your boyfriend no he never knew  
I'm tryna get it in right now  
Baby, come through  
And you ain't gotta stress

You know I'm the best  
I know what to do  
I know what to do  
When I'm in the place  
All these pretty, girls tryna take your place  
And nowadays these, girls be choosing  
But you know that I really don't want them  
And you come running  
'Cause you know I'm tryna hit it  
I give you the business  
Baby, girl, I'll admit it  
All I want is youBaby, all I want is you  
In the middle of the night  
I've been thinking about you like

To be one hundred I've been thinking  
But I gotta say the truth  
'Cause, girl, it's 3, maybe 4 AM  
Don't leave, let me get with you  
I know you don't wanna be alone, girl  
All I want is you  
All I want is you  
In the middle of the night yeahYou know where I stand, girl  
Let's just take this chance, girl  
And now you know
