## Mercyful Fate

Ahh... Egypt... AhhSolo: ShermannO Thou of countless names  
Who are one and all things  
O Thou of countless names  
Without beginning, without endAhh... Egypt... AhhOsiris... Anubis... The underworld  
is yours  
Osiris... Anubis... I put my soul  
in your hands  
O Thou, God of the Dead  
Lead my soul to the judgement hall  
O Thou, Jackal Head  
Weigh my soul, I await your call  
Ahh... Egypt... AhhAmmit, Eater of the Dead  
Is devouring my heart  
Will I pass on to Aaru  
Or will I be condemned?Solo: DennerI'm burning inside to know  
I'm burning inside to know  
I'm burning inside to knowI must be back on time  
But still I want to know  
I hope they let me go  
I'm from another time  
And I must reunite  
My body and my soulI'm burning inside to know  
I'm burning inside to know  
I'm burning inside to know  
Osiris... Anubis... The underworld  
is yours  
Osiris... Anubis... I put my soul  
in your hands  
O Thou of countless names  
Who are one and all things  
O Thou of countless names  
Without beginning, without endAhh... Egypt... AhhEgypt come back to me  
Egypt come back to me  
Egypt, without beginning or end
