## All To All

## **Broken Social Scene**

ALL TO ALL

Call of forgiveness

I'm like the beat of the hurt

I'm not the only one

You tried to save when you fell out

Call of forgiveness

I'm like the clean in the dirt

I'm not the only one

You tried to crave when you fell out

Try, Wait

You made your life on everything

Hard, Made

You made your life on everything

Try, Wait

You made your life on everything

Long, Fade

You made your life on everythingCall of forgiveness

I'm like the heal of the hurt

I'm like the only one

You tried to save when you fell outCall of forgiveness

I'm like the queen of the dirt

I'm like the only one

Who tried to stay when you fell out

It's like the common law

Was wall to wall

And almost faded

I've seen the gone to small

The lost of law

The almost made it

It seems like mine to shine

You'll always find the lonely rayIt's like the wall to fall

The fall of all

The laws are graded

I've seen the lies that call

The pictures tall

The lines are made in

It's like the fight to crawl

My darling all you've lived your ageI know it's all to all

all to all

ultimatum

It's like the all to all

all to all

ultimatum
It's like the all to all
the all to all
the ultimatumI know it's all to all
all to all
ultimatum
Just like the all to all
all to all
ultimatum
It's like the all to all
the all to all
the all to all

You made your life on everything
You made your life on everything
