

Share That Beat of Love

C+C Music Factory

Long ago, I had a special friend
Someone I gave my heart and trusted till the end
But then things went down, he really did me wrong
And left me feeling so confused abandoned and alone
But then you came alone like a breath of air
Uplifting me, you showed me how much you care
So here we are, together you and me
Hey baby, let's share that beat of love
(Share the beat of love, share that beat of love)
Let's share that beat of love
(Share the beat of love, share that beat of love)
I wanna thank you for what you've done for me
How you helped me to express the love I have inside of me
I must confess, I held it deep inside
Until you came along and showed me how to let my feelings fly
So here I am so in love with you
Together we can feel very special groove
We've got the champagne, darlin'
Tonight's the night
Hey baby, let's share that beat of love
(Share the beat of love, share that beat of love)
Let's share that beat of love
(Share the beat of love, share that beat of love)
Let's share that beat of love
(Share that beat of love, share that beat of love)
Hey baby, let's share this beat of love
Funny how life can turn you around
One day you're lost, next day you're found
I'm so glad that we happen to find each other
The things that you do show me that you love me
And you know I love you too
So let's take this time to discover
All the possibilities love has got for you and me
I know the deal, this love's for real, yeah
Let's share that beat of love
(Share that beat of love, share that beat of love)
(Share that beat of love, share that beat of love)
This love's for real, 'cause I know the deal
(Share that beat of love, share that beat of love)
I know the deal, I wanna share that love
(Share that beat of love, share that beat of love)
I wanna share your love, let's share that beat of love
(Share that beat of love, share that beat of love)
