

Chlorine (Alt Mix)

twenty one pilots

[Intro]

So where are you? It's been a little while[Chorus]
Sippin' on straight chlorine, let the vibes slide over me
This beat is a chemical, beat is a chemical
When I leave don't save my seat, I'll be back when it's all complete
The moment is medical, moment is medical
Sippin' on straight chlorine[Verse 1]
Lovin' what I'm tastin'
Venom on my tongue
Dependant at times
Poisonous vibration
Help my body run

[Pre-Chorus]

I'm runnin' for my li-i-i-i-i-fe
Runnin' for my li-i-i-i-i-fe[Chorus]
Sippin' on straight chlorine, let the vibes slide over me
This beat is a chemical, beat is a chemical
When I leave don't save my seat, I'll be back when it's all complete
The moment is medical, moment is medical
Sippin' on straight chlorine[Verse 2]
Fall out of formation
I plan my escape from walls they confined
Rebel red carnation
Grows while I decay

[Pre-Chorus]

I'm runnin' for my li-i-i-i-i-fe
Runnin' for my li-i-i-i-i-fe
Yeah, I'm runnin' for my li-i-i-i-i-fe
Runnin' for my li-i-i-i-i-fe[Verse 3]
Had you in my coat pocket, where I kept my rebel red
I felt I was invincible, you wrapped around my head
Now different lives I lead, my body lives on lead
The last two line may read incorrect until said
The lead is terrible in flavour
But now you double as a papermaker
I despise you sometimes

I love to hate the fight and you in my life is like[Chorus]

Sippin' on straight chlorine, let the vibes slide over me
This beat is a chemical, beat is a chemical
When I leave don't save my seat, I'll be back when it's all complete
The moment is medical, moment is medical
Sippin' on straight chlorine[Interlude]

Let the vibe, let the vibe
Let the vibe, let the vibe
Beat is a chemical, yeah
Let the vibe, let the vibe
Let the vibe, let the vibe
Moment is medical, yeah
Sippin' on straight chlorine
Let the vibe, let the vibe
Let the vibe, let the vibe
Beat is a chemical, yeah
Let the vibe, let the vibe
Let the vibe, let the vibe
Moment is medical, yeah
Sippin' on straight chlorine[Bridge]
I'm so sorry, I forgot you
Let me catch you up to speed
I've been tested like the end of
A weathered flag that's by the sea[Outro]
Can you build my house with pieces?
I'm just a chemical
Can you build my house with pieces?
I'm just a chemical
Can you build my house with pieces?
I'm just a chemical
Can you build my house with pieces?
I'm just a chemical
