## Grimes

I won't break your heart  
In the dark  
In the...  
I won't break your heart  
In the dark  
In the...I won't break your...  
I won't break your heart  
I won't break your heart  
In the darkI'm new in the town  
I see you at night  
How to know this is the night  
When I fight  
In the tower  
I see a cloud  
How to know that it flows in the sky?I won't break your heart  
I won't break your heart  
I won't break your heart  
In the darkI'm the shinai  
'Cause I [?] flower  
How to know that there's soul in the [?]I know [?]  
Sky and water  
How to know that it flows only in the middle?I won't break your heart (in the dark)  
I won't break your heart  
I won't break your heart  
In the dark  
In the...  
I won't break your heart  
I won't break your heart  
I won't break your heart  
In the darkI won't break your heart  
I won't break your heart  
I won't break your heart  
I won't break your heart  
In the dark
