

# Cadillac, Cadillac

## Train

Hey baby! Cadillac, Cadillac take me home  
I would rather sit there all alone  
Then watch you run around this dancefloor light  
With everybody but me just ain't right  
Cadillac, Cadillac take me home  
I'd rather play games on my G4 phone  
Than watch you flirt at the bar all damn night  
With everybody but me girl it just ain't right  
Right, what you do to a man falling all over you  
Right, right what you say  
Making me dance alone that way  
Now I do what I can, but when it comes to women  
I don't understand  
So, I, I'm out of here  
Call yourself a cab, watch my Cadillac disappear  
Hey baby! Cadillac, burn the mac's on the tube  
Think I'm gonna spend my night with you  
She wouldn't know a good thing like I said  
If I hit her from behind upside the head  
Cadillac, do I lack what it takes?  
Every time I love seems my heart breaks  
I'd rather sit all night there see the outer space  
Than lose another part of me to another pretty face  
Right, what you do to a man falling all over you  
Right, right what you say  
Making me dance alone that way  
Now I do what I can, but when it comes to women  
I don't understand  
So, I, I'm out of here  
Call yourself a cab, watch my Cadillac disappear  
Hey baby I'll be alright now  
Hey baby I'll be alright now  
Right, what you do to a man falling all over you  
Right, right what you say  
Making me dance alone that way  
Now I do what I can, but when it comes to women  
I don't understand  
So, I, I'm out of here  
Call yourself a cab, watch my Cadillac disappear  
Hey baby  
I'll be alright now, baby  
Hey baby  
I'll be alright now, baby
