

Towards the Sun

Rihanna

Turn your face towards the sun
Let the shadows fall behind you
Tell a pray, just carry on
And the shadows will never find you Turn your face towards the sun
Let the shadows fall behind you
Tell a pray, just carry on
And the shadows will never find you Lost in a rocky road
Got lost in the promise of a love I never know
Shadows chase me far from home
I remember when my heart was filled with gold
And you knew I've been burned, I've been burned, I've been burned
You see me lose control
It's not worth, it's not worth, it's not worth
My soul
Turn your face towards the sun
Let the shadows fall behind you
Tell a pray, just carry on
And the shadows will never find you Lost my faith in trust
You and I know gold long turn to rust
I still swear that we can ring like the kings and queens of better yesterday
Don't you knew
I've been burned, I've been burned, I've been burned
You see me lose control
It's not worth, it's not worth, it's not worth
My soul Turn your face towards the sun
Let the shadows fall behind you
Tell a pray, just carry on
And the shadows will never find you
We're gonna go
We're gonna go
We're gonna run to
Where you get to the edge of the night
This time you'll face the sky Turn your face towards the sun
Let the shadows fall behind you
Tell a pray, just carry on
And the shadows will never find you Turn your face towards the sun
Let the shadows fall behind you
Tell a pray, just carry on
And the shadows will never find you
