

Drop Down

Lunice

[Intro]

Drop down

Drop down[Verse 1]

Itty bitty kitty crept up to my house
I gave her a treat and she went boom pow
An itty bitty kitty crept up to my house
I gave her a treat and she dropped down
Itty bitty kitty crept up to my house
I gave her a treat and she went boom pow
An itty bitty kitty crept up to my house
I gave her a treat and she dropped down

[Chorus]

House, boom, pow

House, drop down

House, boom, pow

House, drop down[Verse 2]

Is my mind playing tricks with me? I think I see a kitty
I think I see a kitty, I think I see a kitty
Is she new to the city? Just winning, sitting pretty
I think I see a kitty, I think I see a kitty
Is my mind playing tricks with me? I think I see a kitty
I think I see a kitty, I think I see a kitty
Is she new to the city? Just winning, sitting pretty
I think I see a kitty, I think I see a kitty

[Chorus]

House, boom, pow

House, drop down

House, boom, pow

House, drop down[Bridge]

Yo, ayy goddamn

You got me like, woah

You should come over here

Show me what you know

Yo, ayy goddamn

You got me like, woah

You should come over here

Show me what you know, know[Outro]

Show me what you know, know

Show me what you know, show

Show me what you know, know, know

What you know

Show me what you know, know

Show me what you know, show
Show me what you know, know, know
What you know
