## House of Pain

The house of pain  
The house of pain  
The house of painYo, the time has come  
For everyone to clean up their own backyard  
Before they go knocking on their neighbor's doorThe house of pain  
Is cleaning up  
Sweeping up  
Clocking upCheck it  
Check yourself before you check another  
The house really [Incomprehensible]  
The house, the house  
It's the house of pain  
It's the house of pain  
It's the house of pain
