

# Mama

## Christopher

She is something like an angel  
So innocent and free  
Well protected from the danger  
She's daddy's little queen  
She's got a body like a model  
And she ain't afraid to use it  
Cause she wanna be a superstar  
She'll do anything to prove it  
What would your daddy say if he saw you acting like that  
What would your brother say if he saw you drop it like that  
What would your granny say if she saw you freak it like that  
Well I'm guessing  
I'm guessing  
I'm guessing  
She get it from her mama  
I say she get it from her mama  
Got her education paid for  
Ain't no worries 'bout the lease  
Plenty money in the savings  
She's got everything she needs  
When the lights go down low  
Little beauty touch the beast  
Steady looking for the limelight (steady looking for the limelight)  
She's begging on your knees, please, please  
What would your daddy say if he saw you acting like that?  
What would your brother say if he saw you drop it like that?  
What would your granny say if she saw your freak it like that?  
Well, I'm guessing  
I'm guessing  
I'm guessing  
She get it from her mama  
I say she get it from her mama (mama, mama, mama, oh whao)  
And oh, she came with the fortune but she wants the fame  
And she'll do whatever it will take for you to remember her name  
What would your daddy say if he saw you acting like that?  
What would your brother say if he saw you drop it like that?  
What would your granny say if she saw you freak it like that?  
Well, I'm guessing  
I'm guessing  
I'm guessing  
She get it from her mama (oh, that's right)  
I say she get it from her mama

So shake what your mama gave you  
Don't worry about the haters (no, no)  
She get it from her mama  
I say she get it from her mama  
End
