Beautiful Things (Gabriel & Dresden Radio Mix)

Andain

Got up early found something's missing My only name No one else sees but I got stuck And soon forever cameStopped pushing on for just a second Then nothing's changed Who am I this time where's my name? Guess it crept awayNo one's calling for me at the door An unpredictable won't bother anymore And silently gets harder to ignore Look straight ahead, there's nothing left to see What's done is done, this life has got it's hold on me. Just let it go, what now can never be. I forgot that I might see So many beautiful things I forgot that I might need To find out what life could bring... Beautiful things. Take this happy ending away It's all the same God won't waste this simplicity On possibilityGet me up wake me up Dreams are filling this trace of blame Frozen still I thought I could stop Now who's gonna waitNo one's calling for me at the door An unpredictable won't bother anymore And silently gets harder to ignore Look straight ahead There's nothing left to see What's done is done This life has got its hold on me Just let it go What now can never be So many... beautiful things. Now what do I do? Can I change my mind? Did I think things through? It was once my life

It was my life at one timeI forgot that i might see
So many beautiful things
I forgot that i might need
