There's no sound  
But the engine's drone  
Our minds set free  
To roamTime shifting  
We discover the entry  
To other planesOur minds bend  
And our fingers fold  
Entwined, we dream  
Unknown  
Time shifting  
We discover the entry  
To other planesStay with me  
As we cross the empty skies  
Come sail with meWe slow down  
As the engines stall  
Our eyes catch scene  
ExplodeTime shifting  
We discover the entry  
To other planesTime shifting  
As we collide with the energy  
In other ways  
Stay with me  
As we cross the empty skies  
Come sail with me  
We play in dreams  
As we cross the space and time  
Just stay with me
