

I Wish I Knew

Hank Williams III

well i wish i knew what i could say or do
that would give me another chance with you
well i was mean as i could be but i wish that you could see
i never meant for you to end up hating me yeah i wish i knew, i still had you that i wish i knew
hell i wish i knew, that we weren't through i wish i knew well you don't talk to me no more, ever
since you left my door
and it's killing me each time i hear that old train roar
well i know you're not at home and i'm still holding on
but every day i'm stuck singing this same old song yeah i wish i knew, i still had you that, i wish
i knew
hell i wish i knew, that we weren't through, i wish i knew
how i wish i knew, that i still had you
how i wish i knew, that we weren't through
how i wish i knew, that i still had you
how i wish i knew...
