

# The Last In Line

Dio

We're a ship without a storm the cold without the warm light inside the darkness that it needs  
yeah

We're a laugh without a tear the hope without the fear we are coming home  
We're off to the witch we may never never never come home but the magic that we'll feel is  
worth a lifetime

We're all born upon the cross the throw before the toss you can release yourself but the only  
way is down We don't come alone we are fire we are stone we're the hand that writes then  
quickly moves away

We'll know for the first time if we're evil or divine we're the last in line yeah we're the last in  
line

Two eyes from the east it's the angel or the beast and the answer lies between the good and  
bad We search for the truth we could die upon the tooth but the thrill of just the chase is worth  
the pain

We'll know for the first time if we're evil or divine we're the last in line yeah we're the last in  
line oh oh oh

Yeah we're off to the witch we may never never never come home but the magic that we'll feel  
is worth a lifetime

We're all born upon the cross you know we're the throw before the toss You can release yourself  
but the only way you go is down

We'll know for the first time if we're evil or divine we're the last in line oh oh we're the last in  
line

See all we shine we're the last in we're the last in we're the last in we're the last in  
We're the last in we're the last line oh oh ooh oh

We're the ship without the storm we're the cold inside the warm

We're the last without a tear we're the throw without the meal

We're the last in line we're the last in line

We're the last in line see how we shine we're the last in line
