

Lay It on Me

Ina Wroldsen

I don't know what to do
I don't know where to go
I am so close to you
And so out of control I don't know how to help
There's nothing I can say
From heaven down to hell
Is a short way And if I could let go of the hope, then maybe
I could settle for just being with you baby Every night I lay me down
Fold my hands and close my eyes
Every night I pray for time
One more moment, one more try
I-I-I I want you to come back
O-o lay down
Here in my arms
O-o I'd light up
Every dark on your way
Baby all of your pain
You can lay it on me
Yeah
You can lay it on me
Yeah It's been so very long
But you're still here with me
And though I'm so alone
I'm thankful everyday You're trying all the time
I know how bad it hurts
But we are on the line
That cannot let us burn
And if someone out there has a cure for this shit
I'd give my all to get to it Every night I lay me down
Fold my hands and close my eyes
Every night I pray for time
One more moment, one more try I-I-I I want you to come back
O-o lay down
Here in my arms
O-o I'd light up
Every dark on your way
Baby all of your pain
You can lay it on me
(You know you can lay it on me)
You can lay it on me
(You know you can lay it on me)
(You know you can lay it on me)

One more moment, one more try I-I-I I want you to come back

O-o lay down

Here in my arms

O-o I'd light up

Every dark on your way

Baby all of your pain

You can lay it on me

(You know you can lay it on me)

You can lay it on me

(You know you can lay it on me)

Yeah

(You know you can lay it on me)

You can lay it on me

(You know you can lay it on me)
