Halo

Cage the Elephant

Every time I get away you Find a way to reel me back in (oh) Tell me that you love me Hold me tight so we can always be friends (oh) I swear I've said it before and I'll say it again! (oh) Every time I get away youFind a way to pull me back in (oh) Why does it take so long? Why does it feel so wrong? Why does it take so loong? Knew I couldn't help myself I had to lay low So I couldn't help myself I lost my halo Take me by the hand and Still remember all the good times we had (oh) I remember how you took my favorite knife And sticked under my skin (oh) I swear I've said it before, and I say it again! (oh) Every time I get away youFind a way back under my skin Why does it take so long? Why does it feel so wrong? Knew I couldn't help myself I had to lay low So I couldn't help myself I lost my halo All my life With a skeleton I had to let go So I couldn't help myself I lost my halo I lost my halo I lost my halo Song Discussions is protected by U.S. Patent 9401941.
